

# Bulb Fiction

DESIGNED BY KiBiSi

LIGHT  
YEARS

The iconic incandescent bulb has been the source of inspiration for KiBiSi's Bulb Fiction pendant. The classic shape has been upscaled and designed as a whole unit, uniting socket and bulb into one iconic shape. The fixture creates the illusion of a classic incandescent bulb, hides the low energy light source and ensures a comfortable, soft light. The pendant consists of an acid treated opal glass shade, an aluminium suspension and an extra thick silicone cord. Bulb Fiction works beautifully as a single lamp, but it also looks fantastic when hung in a cluster, in a straight line or in staggered formations. It possible to play with the design by means of tying knots in the cord.

## FACTS

**SURFACE** White lacquer

**MATERIAL**

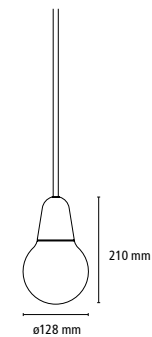

Shade: Hand-blown acid treated opal glass

Suspension: Aluminium

**ILLUMINANCE P1**

156 lux | H: 60 cm (CFL 23W | 1500 lm)

200 lux | H: 60 cm (CFL 30W | 2000 lm)
