

# Rime Wall Lamp

“With the Rime Wall Lamp, we wanted to create a simple design with a glass shape, giving it a soft expression while making its top and pendant tube as subtle as possible. We were inspired by the shape of acorns for its subtle lines while hinting towards the shaded expression of ice and rime for the glass of the design, allowing for light to shine slightly through with a refined touch. The gentle shape of the light is complemented by its elegantly sturdy aluminum arm for a characterful contrast.”
