

Ambit Wall Lamp

“What defines our attraction to shapes? With the Ambit Wall Lamp, we wanted to create a flexible light that explored form and proportions in a meticulous way. We discovered a unique dynamic between linear and rounded shapes that gives the lamp its unique outline, making the Ambit Wall Lamp a timeless design. With its adjustable arm and turnable head, the Ambit Wall Lamp has a functional character, joined by its clean expression with no visible screws and handspun aluminum material for an elegant touch.”

— TAF Studio

Designed by	TAF Studio / 2019
About the designer	TAF Studio is a Stockholm-based design and architecture studio, founded by Gabriella Gustafson and Mattias Ståhlbom. The duo works within product and interior design.
Environment	Indoor
Country of Production	China
Preassembled	Yes.
Description	The Ambit Wall Lamp is designed with a quiet, modern expression and subtle details. Alter the expression of the Ambit Wall Lamp to your personal need through its rotating arm and head, bringing a refined light to any bedroom, kitchen or hallway. The arm of the Ambit Wall Lamp can be adjusted around an axis of 120 degrees from the wall bracket. The lampshade of the Ambit Wall Lamp can be turned 60 degrees to either side, allowing for the user to choose between direct as well as indirect light.
Material	Lampshade, arm fixture and wall mount piece are made from aluminum. Cord is made from PVC. An extra wall bracket is included in the Ambit Wall Lamp that allows for the wiring to be integrated into the wall, ideal for contract settings.
Cleaning & Care	Clean the lamp with a soft dry cloth only. Always switch off electricity supply before cleaning.
Cord length	250 cm / 98.4"
Light source included	Yes
Dimmable function	Yes.
Additional information	The Ambit Wall Lamp can be hardwired. Please note that the base of the lamp is smaller than a standard US junction box. When hardwiring, we recommend using a trim plate, mounting onto a headboard or onto a false wall.
Installation	The power cord of the Ambit Wall Lamp can be routed backwards from the lamp through the mounting surface. Please note that the base of the lamp is smaller than a standard junction box and that the lamp is not designed for direct installation on the top of the junction box. When hardwiring, we recommend mounting onto a false wall, onto a headboard or using a trim plate. Please refer to local safety requirements for this type of installation.

Ambit Wall Lamp

Dimensions

Length:	40,7 cm / 16"
Height:	19,5 cm / 7.7"
Width:	16,7 cm / 6.6"
Cord Length:	250 cm / 98.4"

Ready-to-ship

Black
White
Grey
Taupe

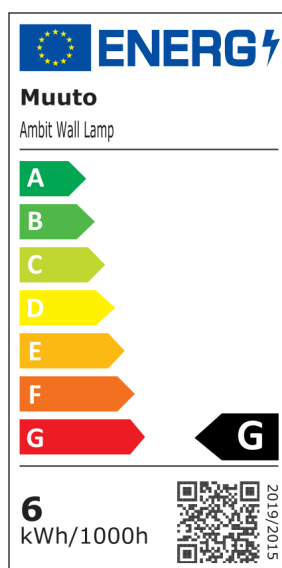

Lamp rating

Voltage	220-240V
Frequency	50/60Hz
IP Rating	IP20
Classification	Class II
Socket	1x Gx53 Max. 12 W; Self-ballasted LED bulb

Light source specification

Item	1x Gx53 Max. 12 W; Self-ballasted LED bulb
Watt	5,5W
Lumen	330 lm
Lumen Maintenance	30.000h
Kelvin	2.700K
CRI	90
Dimmable	Yes

Energy Label

Ambit Wall Lamp
