

# 70/70 Table

“The 70/70 Table is a study in geometric forms, identifying the dimensions that make a balanced design. With its simple and understated expression, the 70/70 Table finds its unique form through careful detailing. Here, the slanted plywood edges of the slender table top and edged triangular shapes of its frame make the 70/70 Table a testament to the ideals of Scandinavian design.”

— TAF Studio

<b>Designed by</b>	TAF Studio
<b>About the designer</b>	TAF Studio is a Stockholm-based design and architecture studio, founded by Gabriella Gustafson and Mattias Ståhlbom. The duo works within product and interior design.
<b>Environment</b>	Indoor
<b>Country of Production</b>	Denmark
<b>Preassembled</b>	No - Mount legs to tabletop.
<b>Description</b>	The 70/70 Table is designed with a simple expression, paired with subtle, understated details that reveal themselves upon closer inspection. Adding character to the design, the details of the 70/70 Table include the triangular shape of its base for a modern expression and the slanted edges of the table top. Available in a variety of sizes and finishes, the 70/70 Table is an ideal match for any dining area, home office, workplace or hospitality area.
<b>Material</b>	Tabletop in plywood with lacquered oak veneer surface, Black and Grey version in plywood with linoleum surface, White and Sand version in plywood with laminate surface (HPL). Solid Oak and Solid Smoked Oak tabletop in FSC™-certified (FSC-C028824) oak. Frame in powder coated aluminum.
	Oak veneer: slight color variations can occur due to the inherent characteristics of the material.

## Cleaning & Care

Laminate & Linoleum: Clean the table with a damp cloth. If necessary, only use a mild detergent or washing up liquid and not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquid, grease etc. should be removed straight away. For linoleum versions, linoleum care is recommended for optimum saturation of the natural material 2-3 times a year. It is recommended to clean linoleum versions with a damp cloth and a pH neutral cleaner and wipe dry to remove any residues.

Solid Oak & Solid Smoked Oak: Upon receiving your table, we recommend that table top and bottom is treated with a special oak wood oil, improving its resistance to stains and fluids. We also recommend that you continue caring for the product by repeating this treatment 2-3 times a year. For products in Solid Oak, we recommend using a tabletop oil with a small amount of white pigment, suitable for food applications\*. For products in Smoked Oak, we recommend using a smoked tabletop oil, suitable for food applications\*.

Avoid placing the table in the immediate distance of a heat source. Do not place hot or wet objects directly on the table, as they can leave a mark on the table top. Metal objects can leave a mark if left on the table for a longer period of time. Any spill should immediately be removed to avoid discoloring. Clean the table top often and carefully with a soft and dry cloth following the wood's grain patterns.

\*Muuto recommends that you contact your local hardware store to get advice on oils for indoor use.

Oak Veneer: Clean the table with a damp cloth. If necessary, only use a mild detergent or washing up liquid and not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquid, grease etc. should be removed straight away.
