ATTACCO UNIVERSALE + PIASTRE REGOLABILI  
 UNIVERSAL BRACKET + ADJUSTABLE BARS  
 UNIVERSALANSCHLUSS + ZERLEGBARE PLATTEN  
 FIXATION UNIVERSELLE + BARRES RÉGLABLES  
 ENGANCHE UNIVERSAL + PLACAS REGULABLES

Qualora lo spazio sulla piastra Sail non sia sufficiente, fissare le due piastre regolabili aggiuntive.  
 If the space on the Sail plate is not enough, you can fix the two adjustable additional bars.  
 Wenn der Raum auf der Platte Sail nicht genug ist, befestigen Sie die zwei zusätzlichen verstellbaren Platten.  
 Si l'espace de la plaque Sail n'est pas suffisant, fixer les deux barres réglables additionnelles.  
 Si no hay espacio suficiente en el panel Sail, fijar también las dos placas regulables adicionales.

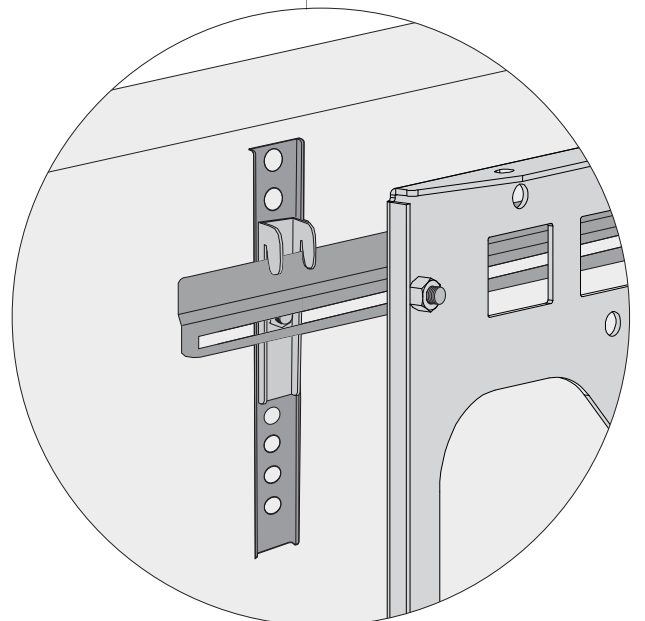

Regolare in orizzontale ciascuna piastra secondo le necessità.  
 Set horizontally each bar according to your needs.  
 Regulieren Sie je Platte waagrecht bei Bedarf.  
 Régler en horizontal chaque plaque selon nécessité.  
 Ajustar en horizontal cada placa de acuerdo con las necesidades.

Mensola  
Shelf  
Regalboden  
Étagère  
Balda

Se il piano non risultasse perfettamente orizzontale, regolare agendo sul grano all'interno del tubo verticale nel seguente modo:

- A) Allentare le viti della piastra;
- B) Regolare il grano all'interno del tubo agendo dal foro posteriore;
- C) Stringere nuovamente le viti della piastra.

EN If the shelf is not perfectly aligned, act on the regulation mechanism inside the vertical tube as follows:

- A) Loosen the screws of the plate;
- B) Regulate the threaded nuts that are inside the tube by acting from the rear hole;
- C) Tighten again the screws of the plate.

DE Wenn die Platte nicht genau horizontal stehen sollte, regulieren Sie die im vertikalen Rohr befindlichen GEWINDESTIFTE:

- A) Die Schrauben der Platte lockern;
- B) Der GEWINDESTIFTE in dem Rohr durch das hintere Loch regulieren;
- C) Die Schrauben der Platte nochmals anziehen.

FR Si le plateau ne résulte pas parfaitement horizontal, il faut le régler en intervenant sur le boulon à l'intérieur du tube vertical comme suit :

- A) Desserrer les vis de la plaque;
- B) Régler le boulon à l'intérieur du tube depuis le trou postérieur;
- C) serrer à nouveau les vis de la plaque.

ES Si no quedara perfectamente horizontal, regular los tornillos que hay dentro el tubo vertical actuando del siguiente modo:

- 1) Aflojar los tornillos de la placa;
- 2) Regular las piezas dentro del tubo actuando por el agujero trasero;
- 3) Apretar otra vez los tornillos de la placa.
