PRODUCT FACT SHEET

MAGS SOFT

DESIGN BY HAY, 2013

Rounded edges and soft cushions create a milder, relaxed tone with the Mags Soft Sofa.

Optimal comfort and durability are ensured by the sofa's solid construction, which has been built using durable, high-density foam and covered with a duvet for extra softness. The low frame has a distinctly lounge feel, which is reinforced by the deep seats and results in an open, welcoming space. The wide range of functional modular units mean the sofa can be fully customised with chaise longue, corner modules or additional seats to suit any room or purpose, while the numerous high quality upholstery options allow the sofa to find its own personality. The Mags Soft series also includes the Mags Soft Low Armrest model.
