

NERD CHAIR

FURNITURE / LIGHTING / ACCESSORIES

PRODUCT FACT SHEET

DAVID GECKELER ON THE DESIGN "Through an innovative integration between seat and back and precise detailing, NERD has a strong personality and a very iconic character. While the appearance of NERD is unique, the overall expression, material and craftsmanship all have references to classic Scandinavian design values. I am really happy with the result; a chair that stands out as a very personal and distinct interpretation of an all-wood chair."

PROCESS Veneer is form-pressed into shape for the back and seat, and then glued together with the solid wood legs. Then lacquered.
